Dear Mr. Mitzel:

Energy Transfer Partners, L.P. (ETP), the indirect parent of Sunoco, Inc. and its subsidiaries (Sunoco), is required to file documentation to demonstrate financial responsibility for liability coverage for the hazardous waste facilities as specified in subpart H of 40 CFR parts 264 and 265. Prior filings have consisted of a CFO letter which included the financial test and a Corporate Guarantee signed by the Chief Financial Officer.

ETP, on behalf of its indirect subsidiaries, is unable to meet the financial test criteria and is seeking an alternative financial assurance mechanism to satisfy its financial responsibility obligations referenced above.

If you have any question or comments, please do not hesitate to call the undersigned.

Very truly yours,

Teresa V. Land
